**PARK UNION METROPOLITAN DISTRICT NO. 1
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The Park Union Metropolitan District No.1, formerly known as SW Downton Metropolitan District No.1 (the "District") and The Park Union Metropolitan District No. 2, formerly known as SW Downton Metropolitan District No. 2 ("District No. 2") (collectively the "Districts") were formed under a Service Plan approved by the City of Colorado Springs, El Paso County, Colorado (the "City"), on September 26, 2017. The Districts' service area is located entirely within the City. The primary purpose of the Districts will be to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of public improvements and services as listed below.

At an election held on November 7, 2017, the voters approved general indebtedness of \$440,000,000 at a maximum interest rate of 18% for each of the following improvements and services: streets, water supply, sanitary sewer, traffic and safety controls, parks and recreation, mosquito control, television relay and translation, public transportation, security services, and fire protection/medical emergency services. The election authorized indebtedness of \$440,000,000 each for operations and maintenance, reimbursement agreements, and debt refunding. The voters also approved an annual increase in taxes of up to \$5,000,000 at a mill levy rate without limitation or with such limitations as may be determined by the board for the purpose of the District's operations, maintenance, and other expenses. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution.

Pursuant to the Districts' Service Plan filed with the City, the maximum debt mill levy for a residential district shall be 30 mills, which can be adjusted for changes in the method of calculating assessed valuation after January 1, 2006. The adjusted maximum debt mill levy is 33.167. The maximum debt mill levy for a commercial district is 50 mills. Pursuant to the Service Plan, the Districts are permitted to issue bond indebtedness of up to \$220,000,000.

The maximum operating mill levy for the payment of operating and maintenance expenses is 10 mills, which can be adjusted for changes in the method of calculating assessed valuation after January 1, 2006.

The District has no employees and all administrative functions are contractual.

The District prepares its budget on the modified accrual basis of accounting, in accordance with requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes

Revenues – (continued)

Property Taxes - (continued)

during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 10% of the property taxes collected.

Expenditures

Intergovernmental Expenditures

Intergovernmental expenditures represent transfers to The Park Union Business Improvement District, formerly known as SW Downtown Business Improvement District, to provide funding for the overall administrative and operating costs for the Districts.

County Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Debt and Leases

The District has no debt, nor any operating or capital leases.

Reserves

Emergency Reserve

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since substantially all funds received by the District are transferred to The Park Union Business Improvement District, which pays for all of the District's operations and maintenance costs, an Emergency Reserve is not reflected in the District's Budget. It is accounted for in the Park Union Business Improvement District.

This information is an integral part of the accompanying budget.

Notes:

^A **Taxing Entity**—A jurisdiction authorized by law to impose ad valorem property taxes on taxable property located within its territorial limits (please see notes B, C, and H below). For purposes of the DLG 70 only, a *taxing entity* is also a geographic area formerly located within a *taxing entity*'s boundaries for which the county assessor certifies a valuation for assessment and which is responsible for payment of its share until retirement of financial obligations incurred by the *taxing entity* when the area was part of the *taxing entity*. For example: an area of excluded property formerly within a special district with outstanding general obligation debt at the time of the exclusion or the area located within the former boundaries of a dissolved district whose outstanding general obligation debt service is administered by another local government^C.

^B **Governing Body**—The board of county commissioners, the city council, the board of trustees, the board of directors, or the board of any other entity that is responsible for the certification of the *taxing entity*'s mill levy. For example: the board of county commissioners is the governing board ex officio of a county public improvement district (PID); the board of a water and sanitation district constitutes ex officio the board of directors of the water subdistrict.

^C **Local Government** - For purposes of this line on Page 1 of the DLG 70, the *local government* is the political subdivision under whose authority and within whose boundaries the *taxing entity* was created. The *local government* is authorized to levy property taxes on behalf of the *taxing entity*. For example, for the purposes of this form:

1. a municipality is both the *local government* and the *taxing entity* when levying its own levy for its entire jurisdiction;
2. a city is the *local government* when levying a tax on behalf of a business improvement district (BID) *taxing entity* which it created and whose city council is the BID board;
3. a fire district is the *local government* if it created a subdistrict, the *taxing entity*, on whose behalf the fire district levies property taxes.
4. a town is the *local government* when it provides the service for a dissolved water district and the town board serves as the board of a dissolved water district, the *taxing entity*, for the purpose of certifying a levy for the annual debt service on outstanding obligations.

^D **GROSS Assessed Value** - There will be a difference between gross assessed valuation and net assessed valuation reported by the county assessor only if there is a “tax increment financing” entity (see below), such as a downtown development authority or an urban renewal authority, within the boundaries of the *taxing entity*. The board of county commissioners certifies each *taxing entity*'s total mills upon the *taxing entity*'s *Gross Assessed Value* found on Line 2 of Form DLG 57.

^E **Certification of Valuation by County Assessor, Form DLG 57** - The county assessor(s) uses this form (or one similar) to provide valuation for assessment information to a *taxing entity*. The county assessor must provide this certification no later than August 25th each year and may amend it, one time, prior to December 10th. Each entity must use the **FINAL** valuation provided by assessor when certifying a tax levy.

^F **TIF Area**—A downtown development authority (DDA) or urban renewal authority (URA), may form plan areas that use “tax increment financing” to derive revenue from increases in assessed valuation (gross minus net, Form DLG 57 Line 3) attributed to the activities/improvements within the plan area. The DDA or URA receives the differential revenue of each overlapping *taxing entity*'s mill levy applied against the *taxing entity*'s gross assessed value after subtracting the *taxing entity*'s revenues derived from its mill levy applied against the net assessed value.

^G **NET Assessed Value**—The total taxable assessed valuation from which the *taxing entity* will derive revenues for its uses. It is found on Line 4 of Form DLG 57. **Please Note:** A downtown development authority (DDA) may be both a *taxing entity* and have also created its own *TIF area* and/or have a URA *TIF Area* within the DDA's boundaries. As a result DDAs may both receive operating revenue from their levy applied to their certified *NET assessed value* and also receive TIF revenue generated by any *tax entity* levies overlapping the DDA's *TIF Area*, including the DDA's own operating levy.

^H General Operating Expenses (DLG 70 Page 1 Line 1)—The levy and accompanying revenue reported on Line 1 is for general operations and includes, in aggregate, all levies for and revenues raised by a *taxing entity* for purposes not lawfully exempted and detailed in Lines 3 through 7 on Page 1 of the DLG 70. For example: a fire pension levy is included in general operating expenses, unless the pension is voter-approved, if voter-approved, use Line 7 (Other).

^I Temporary Tax Credit for Operations (DLG 70 Page 1 Line 2)—The Temporary General Property Tax Credit/ Temporary Mill Levy Rate Reduction of 39-1-111.5, C.R.S. may be applied to the *taxing entity*'s levy for general operations to effect refunds. Temporary Tax Credits (TTCs) are not applicable to other types of levies (non-general operations) certified on this form because these levies are adjusted from year to year as specified by the provisions of any contract or schedule of payments established for the payment of any obligation incurred by the *taxing entity* per 29-1-301(1.7), C.R.S., or they are certified as authorized at election per 29-1-302(2)(b), C.R.S.

^J General Obligation Bonds and Interest (DLG 70 Page 1 Line 3)—Enter on this line the total levy required to pay the annual debt service of all general obligation bonds. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments. Title 32, Article 1 Special districts and subdistricts must complete Page 2 of the DLG 70.

^K Contractual Obligation (DLG 70 Page 1 Line 4)—If repayment of a contractual obligation with property tax has been approved at election and it is not a general obligation bond (shown on Line 3), the mill levy is entered on this line. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments.

^L Capital Expenditures (DLG 70 Page 1 Line 5)—These revenues are not subject to the statutory property tax revenue limit if they are approved by counties and municipalities through public hearings pursuant to 29-1-301(1.2) C.R.S. and for special districts through approval from the Division of Local Government pursuant to 29-1-302(1.5) C.R.S. or for any *taxing entity* if approved at election. Only levies approved by these methods should be entered on Line 5.

^M Refunds/Abatements (DLG 70 Page 1 Line 6)—The county assessor reports on the *Certification of Valuation* (DLG 57 Line 11) the amount of revenue from property tax that the local government did not receive in the prior year because taxpayers were given refunds for taxes they had paid or they were given abatements for taxes originally charged to them due to errors made in their property valuation. The local government was due the tax revenue and would have collected it through an adjusted mill levy if the valuation errors had not occurred. Since the government was due the revenue, it may levy, in the subsequent year, a mill to collect the refund/abatement revenue. An abatement/refund mill levy may generate revenues up to, but not exceeding, the refund/abatement amount from Form DLG 57 Line 11.

1. Please Note: Pursuant to Article X, Section 3 of the Colorado Constitution, if the *taxing entity* is in more than one county, as with all levies, the abatement levy must be uniform throughout the entity's boundaries and certified the same to each county. To calculate the abatement/refund levy for a *taxing entity* that is located in more than one county, first total the abatement/refund amounts reported by each county assessor, then divide by the *taxing entity*'s total net assessed value, then multiply by 1,000 and round down to the nearest three decimals to prevent levying for more revenue than was abated/refunded. This results in an abatement/refund mill levy that will be uniformly certified to all of the counties in which the *taxing entity* is located even though the abatement/refund did not occur in all the counties.

^N Other (DLG 70 Page 1 Line 7)—Report other levies and revenue not subject to 29-1-301 C.R.S. that were not reported above. For example: a levy for the purposes of television relay or translator facilities as specified in sections 29-7-101, 29-7-102, and 29-7-105 and 32-1-1005 (1) (a), C.R.S.; a voter-approved fire pension levy; a levy for special purposes such as developmental disabilities, open space, etc.
